LK-3006MDL1

LK-3006MDL2

LK-3006MD series Keypad operated type

LK-3006MKL1

LK-3006MKL2

LK-3006MK series Key operated type

LK-3006MD series Keypad operated type

Feature:

- ◆ Contemporary design fits all modern houses.
- ◆ A single chip "watchdog" Microprocessor monitoring circuit, ensures easy operation stable performance, reliable quality and long operational life.
- ◆ Passcode protected user-friendly operation.
- ◆ Protection zones:
 - One 24-hours panic zone (N.O. loop)
 - One 24-hours fire zone (N.O. loop)
 - One door chime zone (N.O. loop)
 - Two burglary zones(N.C. loop)-LK-3006MDL2
 - Four burglary zones(N.C. loop)-LK-3006MDL1
- ◆ Each burglary zone can be set monitored or bypassed independently
- ◆ Soft door chime greets visitors when door is opened.
- ◆ With two key (#,*) operated panic button.
- ◆ Alarm memory for each zone, Battery recharge circuit, and optional remote control.
- ◆ Beeps for confirmation, illuminated buttons, different alarm sound output for different situation.
- ◆ Selection of entry delay, exit delay, alarm cut-off time, door chime and change of passcode are programmable through keypad.
- ◆ With LAN alarm output.
- ◆ Built-in transformer 20VA
- ◆ Dimensions: 160W x 222L x 60D mm

LK-3006MK series Key operated type

Feature:

- ◆ Contemporary design fits all modern houses.
- ◆ A single chip "watchdog" Microprocessor monitoring circuit, ensures easy operation stable performance, reliable quality and long operational life.
- ◆ Simplest operation, arm-disarm operated by a single key.
- ◆ Protection zones:
 - One 24-hours panic zone (N.O. loop)
 - One 24-hours fire zone (N.O. loop)
 - Two burglary zones(N.C. loop)-LK-3006MKL2
 - Four burglary zones(N.C. loop)-LK-3006MKL1
 - One door chime zones(N.O. loop)-LK-3006MKL1(only)
- ◆ Each burglary zone can be set monitored or bypassed independently
- ◆ Soft door chime greets visitors when door is opened.(3006MKL1 only)
- ◆ Alarm memory for each zone, Battery recharge circuit, and optional remote control.
- ◆ Different alarm sound output for different situation.
- ◆ Entry delay, exit delay, alarm cut-off time are selected by an internal DIP switch.
- ◆ With LAN alarm output.
- ◆ Built-in transformer 20VA
- ◆ Dimensions: 160W x 222L x 60D mm
